MAHKOTA HOSPITAL

Preventive Care - We care where it matters most

Mahkota Hospital is a private medical centre strategically located within the major business district and tourist area of Melacca. It overlooks the Straits of Melacca and is also within easy reach of many towns in the surrounding states.

Mahkota Medical Centre Melacca was launched in September 1994 with the principal objective being to provide an accessible, affordable and acceptable tertiary health care for the people.

Mahkota Medical Centre provides a one stop comprehensive patient care service supported by diagnostic radiology and clinical laboratory facilities. The Centre has two 11-storey buildings with 235 beds.

Round trip transportation from Singapore, or from Kuala Lumpur to Mahkota and then Singapore, is included. From KL this will take approximately between 1 to 2 hours, from Singapore approximately 2 hours and 30 minutes. These packages will allow you to have your treatment here and relax and do your recovery in beautiful Singapore!

**Treasure Your Health
Prevention. Detection.
Enhancement.**

Health screening is essential for the early detection of diseases and conditions that cause disability and death. These include silent killers like heart diseases, diabetes, hypertension and cancer.

You should take charge of your health and have an evaluation done to prevent any potential health risks. Early detection allows diagnosis and management of illnesses to be done appropriately. When all that is taken care of, your health and wellness could then be enhanced to achieve your lifestyle aspirations.
